

The Madison Joint Recreation District has now joined forces with Protect Youth Sports To do Background Checks.

Background Checks using a National Database, County and Statewide Criminal and Sex Offender records. A “True” 50 State Sex Offender Search, National Database (over 400 million records), Free Alias Name Search, No False Positives or Incomplete Records, 100% Industry Compliance.

Protect Youth Sports can help you avoid many of the problems that occur with low quality, instant databases and state-level-only police checks, which lead to *missed records, incomplete records, out-of-date records and inadequate protection from sexual predators.*

Background Checks through Protect Youth Sports are designed to help league officials and employers implement and maintain a thorough background screening program for employees, staff and volunteers, while using simple paperless technology to streamline the process.

Studies show that 30-40% of all job applicants put false information on their resumes or applications, and “exaggerate” their qualifications during interviews. Can you blame employers for wanting to verify claims made by desperate job seekers?

Lawsuits for “negligent hiring” are on the rise. If employee’ s actions hurt someone, the employer may be liable. So when considering an applicant, it’ s in the organization’ s best financial self-interest to find out if that person has done anything in the past which might indicate future problems.

The Madison Joint Recreation District has acquired a contract with Protect Youth Sports to do any Background checks that the Rec District requests at a very reasonable price, we have spent 2 years researching this project to find a reputable company with a price any budget can afford.

- **We can offer this service to anyone**, so please ask us about it, and we can provide this service to you whether you are a youth sports league or a business looking to do employees or even you’re personal Housecleaner, baby sitter or Caregiver. Please feel free to contact us with any questions you might have for us.
