The goal of the Susquehanna Township Baseball Association is to provide a low-cost opportunity for each eligible child to learn and play baseball. Any youth sport has expenses such as uniforms, insurances, tournament fees, umpire fees and field equipment & maintenance. Yes, the registration fee is supplemented by sponsor fees, but this only partly helps us meet our annual budget. STBA has two fine Concession Stands at which parents play a part in volunteering as well as purchasing.

In 2018, STBA will use a raffle with an assortment of prizes, shown on our website, as our supplemental fundraiser to help keep future registration fees low, we need each family to help. As a family is registered, your participation in the raffle will be explained and it is our hope that each family will accept the challenge.

**There is a \$50.00 raffle charge added to each registration, one per family.** In 2018, you pay \$50.00 and receive \$75.00 in tickets which when sold and stubs turned in, parents keep the cash as a way for our families to recover some of their registration costs.
