Welcome families & Friends,

This is our second year for Flag Football in Philadelphia. Our instructional & intramural flag football program is designed to introduce beginner players to football. Flag Football is a low risk for injury sport and it offers each child more time on the field, which transitions to more football experience. Due to the small group structure, we are also able to give "1 on 1" focus to each child to help them hone a particular skill.

Our goal is to ensure that every participant can experience flag football this year. We ask that all parents/guardians bring their child to the field on time and make themselves available to pick up their child on time so we can have a fluid running program this year. If you have any questions, please do not hesitate to contact me.

Can't wait to see you
