Dear Friend,

The West Liberty Force Fastpitch travel softball organization is a 501c3 (#01-0939948) organization that is preparing for the 2018 season. The Force is a group of highly committed young ladies from the surrounding areas. These young ladies are interested in improving their softball skills, competing against other quality travel teams, developing a sense of teamwork and sportsmanship and above all having fun playing and learning the sport they truly love! The West Liberty Force organization will have a 10u, two 12u, 14u and two 18u teams playing in the 2018 season.

As with all travel softball teams the cost of playing a full season, that requires the young ladies to practice all winter long to be competitive with the other teams in their age group, is always rising. With the cost of insurance, uniforms, equipment, and tournaments (8-10 in the spring and summer averaging \$400.00 per tournament), the cost of one full season for each age group can reach amounts as high as \$8,500.00.

The young ladies do have to pay to play but can't possibly pay the entire amount without some help. The group of young ladies have committed to doing fundraisers just as they have committed to playing softball, realizing that without money none of it is possible. At this time the West Liberty Force Fastpitch Softball Organization is asking for help in the form of sponsorship from area businesses. Anything you, as a business owner, can contribute will be greatly appreciated. Thanks for your consideration in this matter in advance. Your donation/ sponsorship money can go to the entire organization and be split equally or it can be designated to one age group. That is up to you as a sponsor and your sponsorship is tax deductible.

Below you will find different levels of sponsorship and what we as a team will do for your business in return. If you have any questions about this please contact one of the board members listed at the side. Thanks once again for your help.

Sincerely,
West Liberty Force Fastpitch Organization
